When the First American Conference on Democracy and Terms of Peace decided to establish a People's Council, it also recommended that two other Conferences be held in other parts of the country before the Council is called together. One of these Conferences will be held in Chicago. The enclosed call and tentative program will give you the information regarding subjects of discussion, time, and place.

May we count on you being with us? Every interested individual means so much in the ultimate success of the People's Council.

You can also be of great service to this new expression of the cause of democracy, by securing the interest and attendance of individuals in your district, and by urging all sorts of organizations to send delegates to the Conference.

Let us hear from you as early as possible.
Come, if you can.

Faithfully,

Elisabeth Freeman
for the Committee.
