Miss Elisabeth Freeman,

New York City.

Dear Miss Freeman:

We are glad to welcome you into the Fellowship and hope that you will feel, as we do, that the connection is more than formal. Please write us suggestions, constructive criticisms, or questions, and we will consider them. I trust that our literature from time to time will prove of value to you, and above all that you may find in the Fellowship a source of true comradeship.

Sincerely yours,
