

Regarding the letter to the Washington people, address them yourself if you wish. How many ~~xxxx~~ are you going to send? Let me know at once so I can have them struck off on the typewriter. It does not make much difference who signs it. Supposing I sign for you to save time. I would not try to send Journals to Suffrage headquarters in Washington under the circumstances and especially since their headquarters are very small and crowded, at least, they were when I was there last.

I I would arrange to have them sent to some other address if I were you. Perhaps if you wrote to Dr. Siewers or Mrs. Tindall they can help you out on this. Let me know about the number of letters you want struck off without fail and, of course, if you address the envelopes send them as soon as you can.

Miss Vera Wentworth of England who has been arrested and forcibly fed four times is in this state and offers to give me any help she can. I have a little plan by which I think we may use her in connection with this trip. More later.

Yours sincerely,

AER/SEH
